

## YDT series incremental launching jack:

(Reference picture)

**Product name:**

Incremental Launching jack

**Basic description:**

YDT series of large-tonnage pedestal hydraulic tension jack, the ejection stroke is 200mm, 400mm, 600mm, 800mm, 1000mm, etc., which can be customized according to customer needs.

**Application:**

The jack is mainly used for the integral tension of the pre-tensioning method or the incremental launching and jacking of box culverts.

Parameter Table:

Modle	Nom. tension/force (KN)	Nom. Pressure (MPa)	Piston Area (mm <sup>2</sup> )	Stroke (mm)	Return cylinder area (mm <sup>2</sup> )	Return pressure (MPa)	Shape Size (ΦDxLmm)	Weight (KG)
YDC1500	1500	48	31415.9	600	12546	<10	Φ246x827	194
YDC2000	2000	53	38013.3	600	17907	<10	Φ270x827	238
YDC2500	2500	53	47143.5	600	18790	<10	Φ297x827	270
YDC3000	3000	53	57255.5	600	20950	<10	Φ322x827	337
YDC4000	4000	53	80424.5	600	23169	<10	Φ385x827	476
